

Figure 1- Plot of % release of cefuroxime V/s time with use of Eudragit polymers alone or in combination.

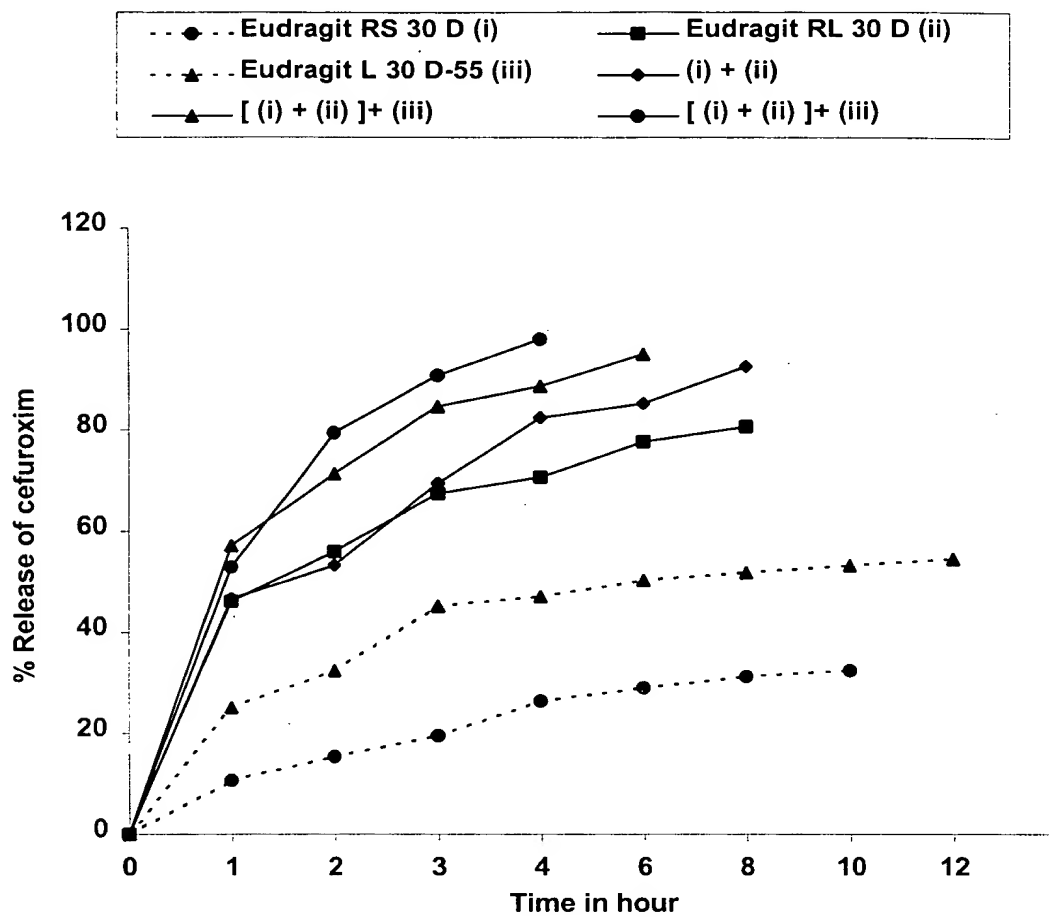

Figure-1

Figure 2- Linear plot of mean serum concentrations V/s time for controlled release (cefuroxime 1 g +immediate release probenecid 1g) tablets

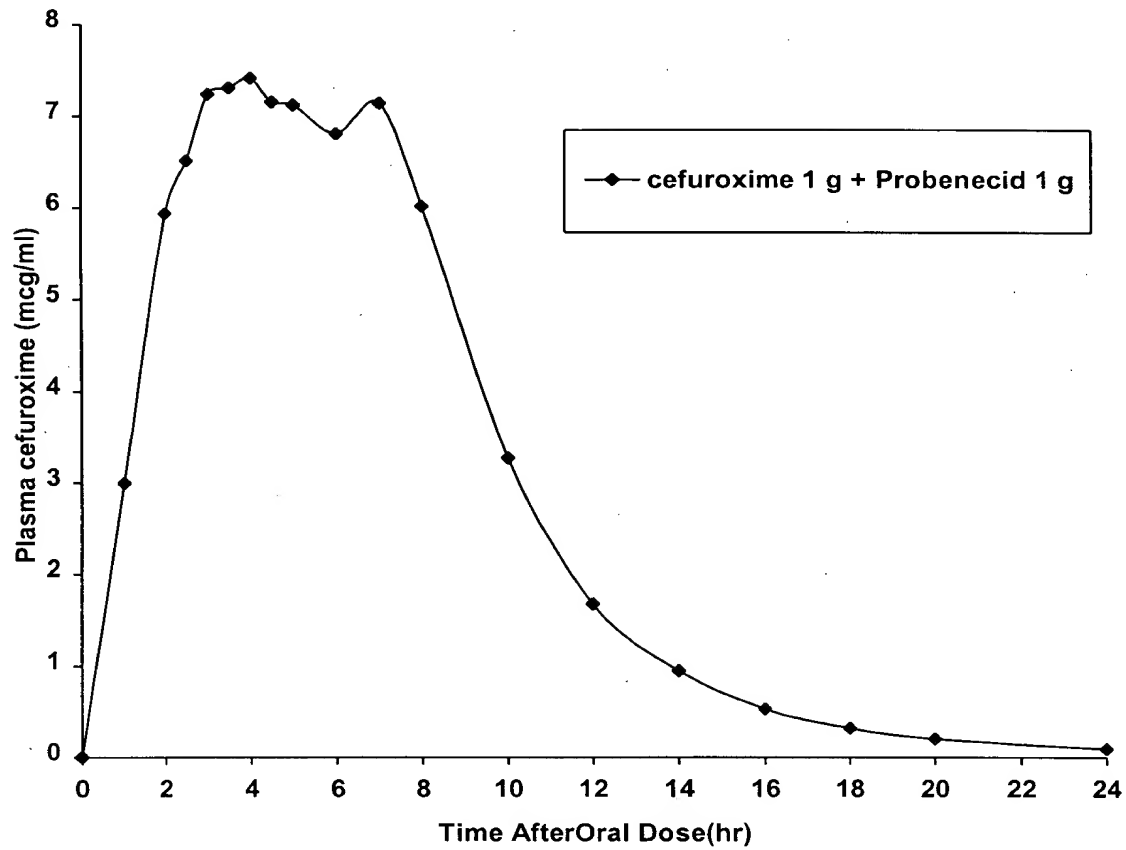

Figure- 2

Figure 3- Linear plot of mean serum concentration V/s time for controlled release cefuroxime (1 g) tablets without probenecid

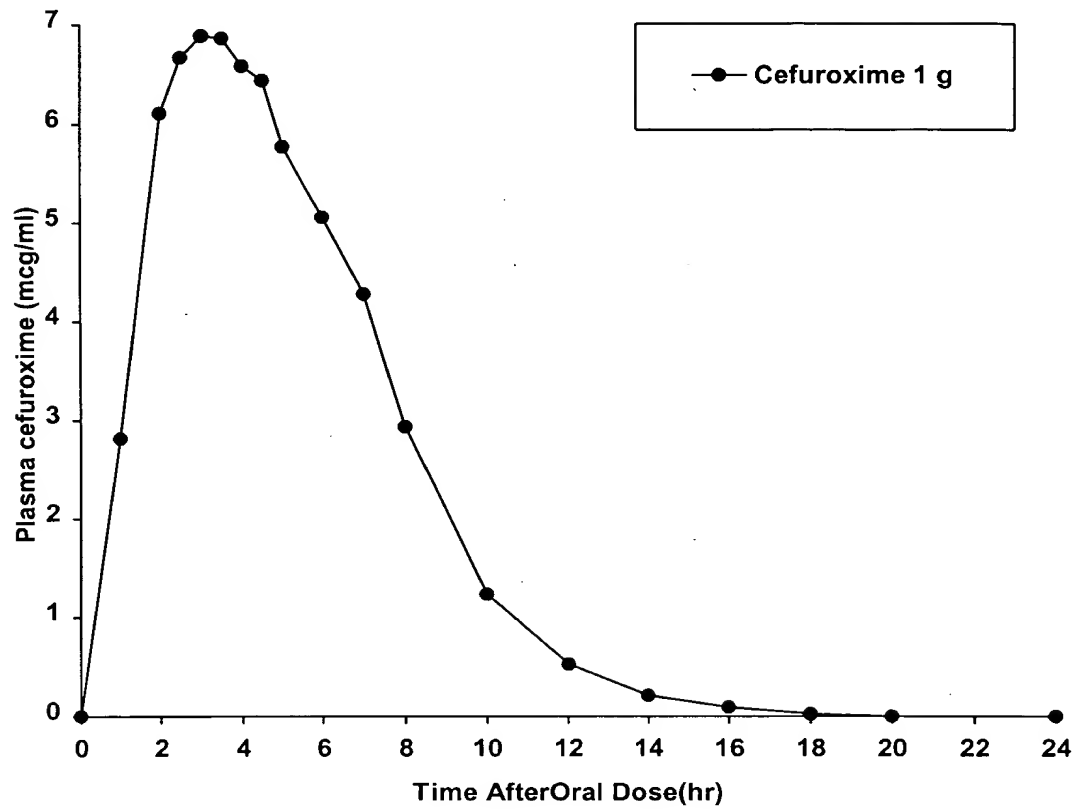

Figure- 3
